## **SITE PLAN/ ROUTE MAP INFORMATION**

Your event site plan/route map must be submitted with your completed application. They can be developed using printed map of the event site or route from the internet. However, it is the best practice to do a map using one of the many programs out on the market (some free and some are not) and overlaying them on a map.

Regardless of the method used, you will be expected to provide a site plan and a map of the entire event venue to include the following items at a minimum:

A Clear and legible site plan or Route Map should include the following:

- ✓ All streets or areas accessing the venue and the surrounding areas. If the event involves moving route of any kind (as in a Race, Run, Rally, or Parade) the direction of travel and all street and/or lane closures must be indicated, too.
- ✓ Entrance and Exit locations for outdoor events that are fenced in and/or locations with tents and tent structures.
- ✓ Highlight the perimeter of fencing, barrier, and/or barricades. You must indicate any removable fencing, barriers, and/or barricades for emergency access.
- ✓ Show a minimum of 20 feet wide unimpeded emergency access lanes throughout the event venue.
- ✓ Indicate cash box/money storage locations.
- ✓ Indicate generator locations and/or sources of electricity.
- ✓ Placement of vehicles and/or trailers (Food Trucks, RVs, Production, Commercial Vehicles, Storage Pods, etc.).
- ✓ Any stages, platforms, or scaffolding must be shown on site plan along with the sizes.

- ✓ Do you intend on having any medical professionals and first aid stations at your event?
  - Yes
  - No
  
- ✓ Have you hired a licensed emergency medical service to provide medical coverage for you event?
  - Yes; if “yes”, provide a copy of agreement/confirmation medical coverage will be provided.

- ✓ If medical coverage is being provided, indicate the number of medical professionals by the following skill set:
  - Basic First Aid & CPR Trained Personnel\_\_\_\_\_
  - EMTs\_\_\_\_\_
  - Athletic Trainers\_\_\_\_\_
  - RNs\_\_\_\_\_ LPNs\_\_\_\_\_
  - NPs\_\_\_\_\_ PAs\_\_\_\_\_

### **INCLEMENT WEATHER PLAN**

The City of Cleveland can experience severe weather in the form of blizzards, heavy snowfall, severe thunderstorms, tornadoes, extreme heat/cold episodes, heavy rain, etc. Therefore, depending upon the time of the year your special event is going to be held, you will need to consider the potential for extreme weather incidents, and the following are items that should be considered when planning your event:

#### **OUTDOOR EVENTS**

##### ✓ ***High/Extreme Heat***

- City of Cleveland may issue a Heat Emergency if the Heat Index reaches 105°F or greater.
- Regardless of whether a Heat Emergency is issued by Cleveland or not, it is highly recommended that you consider cooling stations and/or water points for you patrons/participants if weather is expected to be warm.

**NOTE:** Per FEMA guidance, plan for Five (5) Quarts (1.25 Gallons) of Drinking Water per person per day. Higher heat and humidity may require more water per person. Guidance regarding water needs can be found on the following page.

##### ✓ ***Extreme Cold***

- A local environmental condition resulting in the Air Temperature of -15 degrees Fahrenheit with a Wind Speed of 30 MPH may result in a declaration of an extreme cold emergency by the City of Cleveland.

##### ✓ ***Thunderstorms, Wind Storms, and Tornadoes***

- Thunderstorms can “pop-up” and occur at any time, and predictability can be difficult. Thunderstorms can produce dangerous lightning, high winds, hail, and/or a tornado.
  - Event Organizers must identify shelter areas from lightning, flying debris (from winds), and/or tornados.

**NOTE:** Make sure shelter areas can accommodate the number of patrons/participants at your event; you may have to locate several.

**RESTROOM TOILET, URINAL, & HANDWASHING PROVISIONS DETERMINATION JOB AID**

Per the *FEMA's Special Events Contingency Planning Job Aid Manual, March 2005*, the following is a breakdown of restroom and handwashing (hand hygiene) provisions that need to be considered for special events venues:

***Events where Alcohol is being offered / consumed:***

1. One Toilet per 100 females.
2. One Toilet and one Urinal per 100 males (or two Urinals & two Toilet per 500 Males)
3. 10% of all toilet units must be ADA compliant.
4. A Minimum of one handwashing (hand hygiene) facility/unit per one toilet (or 20% of total toilets needed if more than 200 patrons).

***Events where Alcohol is not being offered / consumed:***

1. One Toilet per 200 females.
2. One Toilet and one Urinal per 200 males (or two Urinals & one Toilet for 1000 Males).
3. 10% of all toilet units must be ADA compliant.

A reduction in the amount of total number of toilets and handwashing (hand hygiene) facility/units (regardless of alcohol use at the event) can be reduced using the following chart:

<b>Duration of Event Correction Factor:</b>	
<b><i>Duration/Length of Event:</i></b>	<b><i>Quantity of Toilets/Handwashing Units Required:</i></b>

### **SANITATION, REFUSE COLLECTION AND RECYCLING**

Pursuant to and in upholding the City of Cleveland Code of Ordinance Sections/Chapters 369.08 (Rubbish & Garbage Disposal), 551.04 (Setting out Containers), 551.26 (Illegal Dumping), and 603.041 (Disposal of Dog Waste), all special events organizers need to develop a plan of waste/refuse collection for disposal in a legal manner in order to protect the health and safety of the general public. Site plan should include placement of all waste receptacles, dumpster, port-a-johns and hand hygiene units.

**NOTE: Cleanup to be conducted immediately following the event. For questions regarding this section please contact Division of Waste Collection at (216) 664-2162. Guidance regarding Determining Equipment Needs can be found on below.**

#### **REFUSE (TRASH) & RECYCLING CONTAINER NUMBERS DETERMINATION JOB AID**

According to the United States Environmental Protection Agency's document titled *Municipal Solid Waste Generation, Recycling, and Disposal in the United States: Facts and Figures for 2011* and the Zender Environmental Research Group's 2008 document *How to Calculate How Many Waste Containers You Will Need for Your Community* the following is a method to help in the determination of how many refuse (trash) containers you may need for your Event.

1. How many (total number) people do you expect at your event? \_\_\_\_\_
2. How long (in Hours) is your Event scheduled to last? \_\_\_\_\_
3. Use the answers from #1 & #2 above to plug into the following calculations (Steps):

#### **KNOWN VARIABLES:**

- ✓ The Average Weight of Refuse (Trash) that is generated by One Person each Day: **4.40 Pounds/Day**
- ✓ The Average Weight of Refuse (Trash) that is Generated per Hour by One Person: **0.18 Pounds/Hour**
- ✓ The Average Weight of Refuse (Trash) in a Cubic Yard of Refuse (Trash): **175 Pounds/Cubic Yard**

**STEP 1:** Calculate the Estimated Weight (in Pounds) of the Refuse (Trash) Generated:

= (Total Number of People at the Event) x {(Total Length of the Event [in Hours]) x (0.18 Pounds/Hour/Person)}

**EXAMPLE** (An Event has 100 people expected to show up, and the Event is expected to last for 5 hours.):

Use the STEP 1 Formula: 100 People x (5 hours x 0.18) = 100 x 0.85 = **90 Pounds**

**STEP 2:** Calculate the Estimated Cubic Yardage of the Refuse (Trash) Generated using the weight from Step 1's calculation:

= (Estimated Weight from Step 1's Calculation) / (175 Pounds/Cubic Yard)

**EXAMPLE** (An Event has 100 people expected to show up, and the Event is expected to last for 5 hours.):

Use the STEP 2 Formula: 90 Pounds / 175 Pounds/Cubic Yard = **0.514 Cubic Yards**

#### **RULE OF THUMB (Most Events are 6 hours or less in duration):**

1. One 55-Gallon Drum can hold 0.25 Cubic Yard of Refuse (Trash); therefore, four 55-Gallon Drums can hold One Cubic Yard of Refuse (Trash).

Phone: 216.664.2484 ▪ Hours of Operation: 9 am to 5 pm Weekdays ▪ Fax: 216.420.8122

2. Figure on one Refuse (Trash) Can (55-Gallon size) for every 40 people or ten Refuse (Trash) Cans for every 400 people.
3. One 10 Cubic Yard Dumpster is required for every 1500 people.

<b>City of Cleveland Dumpster Rental Fee Schedule (14 Aug 2013)</b>		
<b>Dumpster Type</b>	<b>Cubic Yards</b>	<b>Cost per Pick-Up</b>
Roll-Off	10	\$242.00
Roll-Off	20	\$335.00
Roll-Off	30	\$405.00
Roll-Off	40	\$476.00
Roll-Off Compactor	40	\$568.00
Front End Load	2	\$16.00
Front End Load	4	\$20.00
Front End Load	6	\$23.00
Front End Load	8	\$27.00

**TRANSPORTATION (PARKING AND SHUTTLE PLAN)**

Transportation to and parking availability for your special event can prove challenging. If parking is extremely restrictive and/or your event venue is some distance from a parking area, you may need to consider a shuttle. Regardless of the need for a parking-and-walk plan or a park and shuttle plan, the following items will help you (or your staff) develop a more robust Transportation Plan:

- ✓ Where are parking lots/areas located?
- ✓ *BEST PRACTICE: Show on a the below details on a Map/Site Plan:*
  - Locations of Lots/Areas (use Street Intersections and Corner Directional Orientation)?
  - Number of Parking Spaces Available at each lot/area?
  - Do any of these Parking Lots/Areas require Patrons to Pay, via a pay booth, meter, etc. (Which lots and the cost or cost per a defined amount of time for each)?
  - What are the Operational Times of the Parking Lots/Areas (Open/Close Times, and No Parking Times, if parking on the Streets)?
- ✓ If Street Parking, what side(s) of the Street can people park

**Events with Valet Service or Complimentary Parking for Attendees and/or Participants**

- ✓ Establish a concession agreement for use of valet parking/shuttle services concerning City owned lots.
- ✓ Pick up and Drop off Locations should be indicated on the Site Plan

**Events with a Shuttle Service for Attendees and/or Participants**

- ✓ Develop a shuttle plan that indicates the type of vehicle used to transport. (i.e. Golf Carts, ADA Compliant Van, Buses, or Vans)
- ✓ Identify pick-up and drop off locations on the Site Plan
- ✓ Submit a daily schedule of the service to the Office of Special Events
